Welcome

...to the Oldenburg Model United Nations official webpage!

Dear visitor and esteemed delegates,

It is a delight to announce and extend an invitation to the 16th annual session of Oldenburg Model United Nations, OLMUN 2016. More than 700 school delegates from Germany, Poland, USA, Turkey and other countries come to Oldenburg each summer to address and discuss global issues on eight selected committees of the United Nations in the context of worldwide challenges.

The conference is scheduled to take place from June 14-17, 2016 and promises to be an amazing week full of captivating debates, fruitful resolutions and plenty of fun.

For more than a decade OLMUN has offered the opportunity to the world's students to benefit from an experience of unique education in politics, elocution and comprehension of foreign affairs. During the OLMUN's week the delegates of the various committees face global challenges. By representing their assigned nation and its position the students bring international problems to life and possess the chance to resolve these concerned issues with their own resolutions.

OLMUN has distinguished itself as the largest MUN in Germany and therefore arouses considerable public interest every year which proves its cross-cultural competence, innovation and overall quality.

The Security Council at OLMUN in particular forces the delegates to improvise and cogitate on their feet since it features an integrated crisis simulation. This consequently makes the delegates work as one team due to the simulated urgent need to solve the demanding and international problem.

The OLMUN philosophy therefore strongly focuses on current affairs and realism so that the conference itself presents an accurate reflection of the global situation which underlines the utmost urgency of resourceful solutions.

So if you are interested in the concept of a Model UN Conference and how we give the participating students a one of a kind life experience in diplomatic proceedings and an insight view into the UN, feel free to review this website, and contact us for further information.

We appreciate your time and attention and are looking forward to seeing you in June!

Step 3

Immediately after choosing the delegation you will need to choose the committee the delegate shall be in. You need to choose both Delegation and Committee at a time, otherwise it will not be saved. I.e. if you try to only allocate the delegation to a delegate, but without a committee, the drop-down list will always turn back to blank.
